

PROFILE

I am a machine learning enthusiast, data scientist, Python programmer, and former network engineer. I focus on applied science, sustainability and open source solutions. I enjoy riding motorcycles, rock climbing, hiking, ceramics, trail running, and occasionally yoga.

EDUCATION

PhD

2013 - 2021

Telecommunications, FEE, CTU, Prague, Czech rep.

Hierarchical density-based clustering and interpretation for network measurements.

- The aim was to detect and interpret unknown patterns in passive/active network/Cloud measurements by hierarchical density-based unsupervised machine learning techniques.

Bc/Ing (Masters)

2004 - 2009

Telecommunications, FEE, STU, Bratislava, Slovakia

- Bc.: Measurement of glottal period of human voice
 - Measurement, automatic marking and analysis of glottal period of human voice
- Ing.(Masters): Classifiers for identification of the speaker
 - Building on top of the Bc. results by identification of speakers by glottal period and other aux. features

RECENT EXPERIENCE - WORK

Data scientist (Researcher)

23/11/2020 - now

CTTC, Barcelona/Castelldefels, Spain

Design and analysis of machine learning approaches for pattern and anomaly detection in synthetic & real-world data.

Python programmer (freelancer)

01/03/2021 - 26/01/2023

Aspetario, Bratislava, Slovakia

Design, analysis and impl. of machine learning approaches for (i) prediction of customer lifetime value in mobile apps and (ii) in-app purchase recommendation system.
